SUMMARY

I'm a college student with a focus on web development, experienced in using the Next.js and MERN stack (MongoDB, Express, React, Node.js). I'm also passionate about solving data structures and algorithms problems to improve my problem-solving skills.

WORK EXPERIENCE

kisanmel, Jaipur

Jul 2024 - Aug 2024

- Developed using Next.js, and Three.js (React Three Fiber) to create a 3D clothing configurator where users can select and personalize their clothing in real time.
- The project uses JavaScript for the frontend, seamlessly integrating 3D elements. It was a collaborative effort, enhancing my skills in both technical development and teamwork.

EDUCATION

Rajasthan Technical University, Kota

Nov 2022 - Apr 2026

- Specialization in Computer Science & Engineering.
- CGPA: 8.5

Swami Keshwanand School, Sikar

Aug 2019 - Aug 2021

- 12th Grade : 87.00%.

CEERI Vidya Mandir, Pilani

Aug 2018 - Aug 2019

- 10th Grade : 84.40%.

PROJECTS
